Education

Metropolitan University Sylhet, Bangladesh

Sylhet, Bangladesh

• BSc in Computer Science and Engineering

Expected Graduation: December 2027

• CGPA: 3.93 /4.00

• **Relevant Coursework:** Data Structure, Algorithm, Database Management System, Statistics, Object-Oriented Programming, Operating Systems, Microprocessor and Interfacing, Competitive Programming, Communication Engineering, Computer Organization and Architecture, Digital Logic, Calculus, Linear Algebra, Discrete Math

HSC, Govt.MC Academy School and College, Sylhet |CGPA: 5.00/5.00

Passing Year: 2022

SSC, Govt.MC Academy School and College, Sylhet |CGPA: 4.78/5.00

Passing Year: 2020

Technical Skills

Programming Language: C, C++, Java, Python, JavaScript

Frontend: React, HTML, CSS

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Tools & Technologies: GitHub, JWT Authentication, REST APIs, EMU8086, XAMPP

Core Skills: Problem Solving, Logical Thinking, Communication, Team Collaboration

Projects

QuizVerse – Full-Stack MERN Quiz Platform

December 2025

- Built a full-stack quiz web application using React, Node.js, Express.js, and MongoDB.
- Implemented JWT authentication, protected routes, leaderboard system, responsive UI, dark mode.
- Developed REST APIs and integrated MongoDB Atlas cloud database.
- Features include user signup/login, timer-based quizzes, score tracking, and leaderboard ranking.
- Technologies: React, Node.js, Express.js, MongoDB, JWT, Axios, CSS.
- **GitHub:** github.com/Farjana-Orpy/quizverse

Smart Menu Order Management System (Web Project)

August 2025

- Developed a PHP and MySQL based restaurant menu and order management system.
- Implemented CRUD operations for menu items and customer orders.
- Designed relational database structure for efficient order tracking.
- Technologies: PHP, MySQL, HTML, XAMPP.
- **GitHub:** github.com/Farjana-Orpy/smart_menu_OMS

Automatic Fire Fighting Robot

November 2025

- Designed and built a functional robot capable of detecting and extinguishing fire.
- Integrated hardware and software for real-time response.

SafeSheRides (Business Proposal)

March 2025

- Proposed a women-only ride-sharing service to enhance safety and accessibility.
- Developed business concept, features, and implementation strategy.

Simple Banking System (Java)

May 2025

- Built a console-based application using Java and OOP principles.
- Implemented deposit, withdrawal, and account management features

Competitive Programming

- Practicing problem solving on Codeforces
- Solved 80+ algorithmic problems focusing on logic and efficiency
- **Profile:** codeforces.com/profile/FarjanaOrpy151

Experience

Private Tutor

- Delivered clear explanations and improved students' academic performance

Achievements

- Maintained CGPA 4.00 in recent semesters
- Strong performance in academic projects and presentations

Certifications

- MURS Certificate: "Innovation through Research: A Pathway to Higher Education And Scholarship"

Languages

- Bangla (Native)
- English (Fluent)
- Hindi (Conversational)

Interests

- Software Development
- Problem Solving
- Research & Innovation
